

# Young Feminist Ambassadors - CALL FOR APPLICATIONS

**YFA's working group Masculinities and Feminism is looking for new members!**

Are you interested in masculinities and feminism?  
Do you want to join a fun young and feminist organization?  
Would you like to explore your own privileges and prejudices?  
And would you like to develop techniques and tools to facilitate meaningful dialogues?

If you are interested in these topics we would like to welcome you to our working group Masculinities & Feminism.

## **Who are we?**

We are Denise, Bernardo and Floor, members of the working group Masculinities & Feminism, one of Young Feminist Embassadors working groups. In our working group we aim to create a safe space that allows for dialogues on topics related to masculinities and feminism. This goal is achieved through the organization of online sessions, reading group sessions with the discussion of articles and books, and the development of tools and workshops for organizations and companies.

## **What do we expect?**

We are looking for motivated people that would be available to attend monthly meetings and participate in the organization of our events. Also, we are looking for participants that would be open to share their lived experiences and knowledge within the YFA community and the spaces for dialogue which we aim to create.

## **Why participate?**

- Joining a wider network of young feminists within the Young Feminist Ambassadors.
- Creating meaningful change through grassroot activism
- Learning how to facilitate meaningful and socially relevant conversations

- Organizing reading group sessions, outreach events and social events

### **Young Feminist Ambassadors**

Young Feminist Ambassadors is a Dutch network of young feminist, member of the Dutch Women's Council, committed to contribute for a more gender equal society. The main purpose of YFA is to let the voices of young feminists be heard by providing a community and platform for their activism.

The Young Feminist Ambassadors is composed, at the moment, of seven working groups on diverse topics such as the groups Masculinities and Feminism, Menstrual Health, Young Feminism, and also groups for internal functioning of the organization such as Social Media, Website and Internal Activities group. Lastly, the group Feminist Coaster is a more project oriented group which intends to develop coasters with phrases that may incentivise conversations in the nightlife.
